

DECLARATION AND POWER OF ATTORNEY

We, Frank T. Check and Ronald P. Sansone

declare that we are, respectively, a citizen of U.S.A.

residing at 999 Camellia Way

San Jose, California 95117, and a citizen of U.S.A.

residing at 4 Trails End

Weston, Connecticut 06883, that we verily believe we

are the original, first and joint inventors of the invention  
APPARATUS AND METHOD FOR CORRECTING IMPERFECTION  
in IN A POLYGON USED FOR LASER SCANNING

described and claimed in the foregoing specification; that this application in part discloses and claims subject matter disclosed in our earlier filed pending application, Serial No. 391,029, filed June 22, 1982; that we acknowledge our duty to disclose information of which we are aware which is material to the examination of this application, that, as to the subject matter of this application which is common to said earlier application, we do not know and do not believe that the same was ever known or used in the United States of America before our invention thereof or patented or described in any printed publication in any country before our invention thereof or more than one year prior to said earlier application, or in public use or on sale in the United States of America more than one year prior to said earlier application; that said common subject matter has not been patented or made the subject of an inventor's certificate before the date of said earlier application in any country foreign to the United States of America on an application filed by us or our legal representatives or assigns more than twelve months prior to said earlier application; and that no application for patent or inventor's certificate on said invention has been filed by us or our representatives or assigns in any country foreign to the United States of America, except as follows:  
Canada on June 19, 1979      West Germany on July 4, 1979      Japan on  
France on July 4, 1979      United Kingdom on July 5, 1979      July 6, 1979;

that, as to the subject matter of this application which is not common to said earlier application, we do not know and do not believe that the same was ever known or used in the United States of America before our invention thereof or patented or described in any printed publication in any country before our invention thereof or more than one year prior to the date of this application, or in public use or on sale in the United States of America more than one year prior to the date of this application, and that said subject matter has not been patented or made the subject matter of an inventor's certificate in any country foreign to the United States of America on an application filed by us or our legal representatives or

assigns more than twelve months prior to the date of this application; and that no application for patent or inventor's certificate issued on said invention has been filed by us or our representatives or assigns in any country foreign to the United States of America, except as follows:

NONE

We hereby appoint the following attorney(s) and/or agent to prosecute this application and to transact all business in the Patent and Trademark Office connected therewith:
